9/23/67

Dear Dick and Jones,

Not knowing whether either or both of you would be out of town I write you both, too late for the outgoing mail.

With further reference to arrests, I presume you know but cite anyway, Jim Braden, 19H469; 24H202; and Larry Florer, 19H476,517; 24H208. Checking at the Archives discloses nothing on William Sharp other than what is in the exhibits of which you know, 20H499, 24H310.

There are still pictures of two arrests that I am getting. One, as I recall, is of a tall man, the other or a man with glasses. I'll let you know when I get them. Should be about a week.

Have you seen or do you have all of the William Allen pictures? I am getting some clandestine copies of some of them. At least, I've been promised copies. I'll let you know.

Sincerely,
